CITY OF VERNONIA
CITY COUNCIL AGENDA ITEM

September 10, 2018

From: Josette Mitchell, City Administrator
To: Mayor and City Council
Re: City Project Priorities

Agenda Item Summary:

As we have discussed in the past the City of Vernonia has many projects currently in different stages of completion. In order to have staff directed appropriately on project completion I am asking City Council to assist in prioritizing the projects. It is difficult to successfully manage so many projects without clear direction from Council on their collective intended direction. I am requesting that each Council member please review the list of projects attached to this staff report and number them 1 to 47, with 1(one) being the highest priority in your opinion and 47(forty seven) being lowest priority. Feel free to add additional projects you do not see, that are of importance to you, we can discuss. We will tabulate the values at the work session and come up with a priority list staff can tackle and complete. My goal is to leave the work session with the projects in priority order and move on completing the top 10 in a timely fashion.
